important

Upon completion of the daily classes, all minors enrolled and attending classes will be handed over only to their parents and/or third persons specially delegated to pick them up.

The Cagliari Windsurfing Club, affiliated since 1982 with the Italian Sailing Federation and duly registered in the Regional Register of Amateur Sports Associations of the Autonomous Region of Sardinia, has as its purpose the development and dissemination of sports activities related to the discipline of sailing and wind-powered sports.

The Association has about six hundred members, in addition to the Club's frequent visitors, who throughout the year are active - in particular - in the categories of windsurfing, wingfoil and multihulls.

- * all courses are for members and card-carrying members only
- * for all courses we require a medical certificate non-competitive sports
- * for independent outings of minors, it is mandatory the proxy of the parents and/or third persons specially delegated by the parents

The Sailing Club is now a point of reference, in the sporting and sailing scene, both in Sardinia and nationally and internationally. Numerous international champions regularly hold their training sessions in the waters of Marina Piccola and have made the Club their base.

Many titles have been won by its athletes in Italian and international windsurfing and catamaran competitions. Finally, an important role belongs to the Inland Sailing School recognized and awarded, for two consecutive years, as the first among the FIV sailing schools of Italy in 2020 and 2021.
